## Greetings from the President – Lee Sandvick

### Greetings ! Members and Associate Members -

Exciting and informative meeting for all those who attended our January meeting. I had forwarded that meeting's agenda to all. **To recap.** We had 3 great speakers.

Also a CBS 8 news reporter was there to find out our take on President Elect Trump about to be inaugurated. They interviewed me and showed a couple of our officers. Of course, every one there was excited about the next 4 years. the link to the newscast. Our segment is at 3:40 minute mark

REMINDER: Trump needs the approximately 80 million MAGA voters to start calling the Senators who will not or are pressured into not voting for his nominations. Mike Pence is working with a high powered group to call Senators to make sure they don't vote for Trump's nominations. Rinos, Globalists, Democrats aim to stop President Trump's agenda to 'MAGA'.

You and others are urged to call these Rino senators (listed below- phone list attached) to remind them that if they don't vote for all of President Trump's nominees, Elon Musk (the richest man in the world) will get angry and support candidates to replace them in their primary). Let the Senators know that by not voting for President Trump's nominees, they will probably lose their job next election.

Please call these Republican Senators: Lisa Murkowski (Alaska), Susan Collins (Maine), Mitch McConnell (Kentucky), John Curtis (Utah), Thom Tillis (North Carolina), John Cornyn (Texas), Bill Cassidy (Louisiana).

We need a new VP-Programs Officer. I must correct my last statement. The former VP- Carolyn Grace has stepped down. We need one of our members to take over this position for the next 4 meetings (Feb – May). Very easy job. We also need a Recording Secretary. Please contact any of our officers with questions. THANK YOU!
